Our Aim...

We aim to bring the biggest touring bands of the UK, Europe and internationally to Brighton & Hove whilst Mammothfest acts as a springboard to our incredible local talent, giving local bands the opportunity to support big names within the rock and metal scene. We hope to provide the extra exposure they need to help launch successful music careers and reinforce that Brighton & Hove is a main breeding centre for the future of metal and rock music in Britain.

We also guarantee the Mammothfest will always be affordable to maximise accessibility and be Brighton & Hove based to ensure our city continues to gain from our movement.

We intend to increase tourism to our city, support our local businesses and grow our already strong alternative following here in Brighton and become one of the leading cities for the future of rock and metal music.

We eventually aim to build Mammothfest to grow to an outdoor festival catering for many alternative music tastes, while primarily remaining a metal festival. Until such time we can take this venture outdoors our focus is on providing Brighton & Hove with the biggest indoor rock and metal events we can, alongside other smaller gigs throughout the year all under the Mammothfest brand.

In keeping with our rock/metal breeding centre principle we are proud to be working alongside BLOODSTOCK and WACKEN open air festivals to bring 'Metal to the masses 2' battle of the bands to bands from all over the UK. We are providing them with the chance to win gigs at these festivals and Mammothfest. We have already hit over 500 bands in the southeast and have 48 bands competing.

Our main event 2010

Our main event will take place on Saturday the 18th September 2010 at the Hove Centre with an expected crowd of 1300 from 11am until midnight. We have a 27 band line-up which is set over 2 stages. Our fantastic line up so far consists of Orange Goblin, Breed 77, Sylosis, Malefice, Mnemic, Sybreed, Abgott, Xerath, with tickets costing £40, with our main headline soon to be announced!

So what does this mean for the southeast and your business?

Mammothfest is a festival in Brighton & Hove for the people of Brighton & Hove and the UK. We also want to provide businesses opportunities that will increase trade and employment to help build a stronger city for our future. Through our events we can bring our target markets together directly under one roof.
